Calvert City Celebrates Turning on of Gas

Natural gas was turned on at Calvert City Monday night in a ceremony sponsored by the Western Kentucky Gas Company and the City of Calvert City.

Calvert City is the first town in Marshall County to install natural gas.

The evening's program started at 6:30 with a dinner program in the cafeteria of the Calvert City Grade School.

Main speaker was W. T. Stevenson, president of the gas company, who said:

"With the coming of natural gas to Calvert City, this community now has all of the utilities needed for its growth and development."

Mr. Stevenson also outlined the company's rates and compared them with rates in other towns in Kentucky.

He was introduced by Charles Hall, Calvert City business man and civic leader.

The personnel of the gas firm

were introduced, and plant officials and civic leaders of Calvert City were recognized.

Approximately 50 persons attended the dinner program, after which chicken barbecue was served by Miles Meredith.

After the dinner program, the group adjourned to the Calvert Shopping Center for the "flaming" ceremony.

Vets Have Only One Year to Complete Their GI Training

World War II veterans were reminded by Ray R. Adams, manager of the Veterans Administration Regional Office in Louisville, that they have one year from today in which to complete GI training. He stated also that the GI loan program will terminate two years from today.

July 25, 1956, marks the end of the education program for all but a few of the World War veterans now in training under the original GI Bill, Adams stated.

GI training payments to schools and veterans will stop on that date even though a veteran may still have unused training entitlement or be in middle of a course.

The GI loan program, now at peak activity, has two more years to run, coming to end for practically all World War II veterans on July 25, 1957.

County Ready For Election Saturday; Heavy Vote Seen

Everything is in readiness in Marshall County for the primary election on Saturday, Aug. 6.

Most observers are predicting a fairly heavy vote in the county due to the intense interest in the gubernatorial race between A. B. (Happy) Chandler and Bert Combs.

A total of 7,500 ballots have been printed for the Democratic primary, and 1,500 ballots have been printed for the Republican primary.

The county's total vote on Saturday, however, will fall considerably short of the 9,000 ballots printed. The vote likely will total between 3,500 and 4,000.

Election Commissioner Billy Watkins has notified all election officials to be at their posts on election day. The officials who served in the general election last November will serve again in this election. The election officials are appointed to serve a full year.

Marshall County voters, in addition to balloting on a complete slate of state officials, also will choose a state representative and a state senator for this district.

The candidates for state senator are Wayne Freeman and George Brand, both of Mayfield. The candidates for state representative are Shelby McCallum and O. L. Crumpler, both of Marshall County.

Voters also will select a commonwealth attorney for Marshall, Calloway and Livingston counties. The candidates are James L. Lassiter, incumbent, who is a Murray lawyer, and Earl Osborne, an attorney of Benton.

There will be no voting Saturday for the office of circuit judge because H. H. Lovett Sr. of Benton does not have an opponent and already has been certified as the nominee of the Democratic party. Mr. Lovett's name, however, will be on the November general election ballots.

And there will be no voting

Saturday for the office of circuit clerk. Mrs. Martin's Nell Holland has no opponent in the Democratic primary and her name will not be listed on a ballot until the November general election.

Polls open Saturday at 6 a.m. and close at 5 p.m.

All registered voters are eligible to vote, and all GOOD citizens are urged to exercise their rights.

Happy and Waterfield Visit Area

Happy Chandler and Harry Waterfield made a whirlwind tour of Marshall County Tuesday and Wednesday in their final bid for a heavy vote here.

Waterfield spoke at Hardin and Brewers late Tuesday afternoon, and Wednesday he visited Kentucky Dam Village, Draffenville, Aurora, Higgins Boat Dock and Kenlake Hotel.

Chandler's opponent, Bert Combs, also was seeking votes in the First District and both candidates occupied the same platform at a big political rally held at Fancy Farm this week.

ATTENTION VOTERS

I wish to make my last and final appeal to you voters of Marshall and Lyon Counties. I stated to you in my announcement that I would sponsor the Minimum Foundation Program for Education, work for and better roads for our counties and that I would do everything in my power to induce more factories to provide work for our people in this area.

Being a farmer and a lifetime citizen of Marshall County, in the State of Kentucky, would make me better able to represent the people and their interests at heart. I have been on committees requesting bills to be passed, such as the two-cent tax on cigarets, also the blanket rate which increased our taxes 30 percent.

I wish to call to your attention that I was not in the Legislature when these tax bills were passed, and noticing last week's paper that my opponent was sponsor and co-sponsor of these bills that were introduced in the last Legislature and wondered if it were not possible to have more bills introduced to help our schools and county roads in the last Assembly.

I wish to state to you if you elect me that I shall always be sober and fair-minded to all problems that arise, trying to do the will of the people without partiality to groups or individuals.

Please give O. L. CHUMBLER serious consideration

then vote accordingly

To capture darkness of the night. Lottie Gray Van Ness

A MESSAGE FROM GEORGE BRAND

TO THE

DEMOCRATIC VOTERS

The election is near. I have waged a hard fight and victory is in sight. I've tried to see everybody and carry my message every where. The gamblers and dictators of Mayfield, with lots of money, without principle, have gambled wrong and they're desperate -- they've heard a voice... voices of defeat. You can expect anything from now until a wild Indian (by air, by newspapers and maybe airmail) trying to fool you the last few days, like he thinks he's fooled you the past 8 years.

Hold the line for me -- I'll hold the line for you and you'll have a Senator they cannot bribe, pressure nor scare, as I fear only my God.

I WANT TO SERVE YOU IN THE SENATE.

the Military Service Record of BERT COMBS

Honest and capable service was rendered his country by Bert Combs because in time of war he thought he was needed, not just to create a record for the future. Bert Combs volunteered as a private in World War II without fanfare offering himself sincerely to the service of his country.

- 1 He was eight years old at the close of World War I.
- 2 Bert Combs volunteered as a private in World War II and served 15 months as an enlisted man.
- 3 He was selected from the ranks as an officer candidate and, after special training, was commissioned a second lieutenant.
- 4 Was promoted to first lieutenant in less than a year.
- 5 Assigned to serve as assistant judge advocate and later as judge advocate.
- 6 Chief of Investigating Section of War Crimes Department in Philippines.
- 7 During his service in the Philippines he was awarded the Bronze Star Medal and was decorated by the Philippine Government for his outstanding service.
- 8 Bert Combs takes an active part in veterans' affairs as a civilian. With four other overseas vets he incorporated in September, 1947, "Floyd County Overseas Veterans, Inc.", a non-profit organization. He did all of the legal work of this organization and later the same year he was an incorporator and charter member of "Walter Karr Bowling Post (VFW) 5839". Bert Combs is a member in good standing of the Prestonsburg American Legion Post and the Legion's 40 and 8.

the Military Service Record of A.B. "HAPPY" CHANDLER

The kind of service given by Chandler in the time of war has been much like his record in general: a sequence of false claims and broken promises.

- 1 Chandler was 18 at the beginning of World War I.
- 2 When 20 years old he joined the Student Training Army on the campus of Transylvania College. Served a total of 2 1/2 months.
- 3 At the outset of World War II Chandler was 43 years of age and a member of the United States Senate.
- 4 In the preceding campaign for nomination he repeatedly promised to offer himself for military service should he ever be compelled to vote for a declaration of war. How he kept his promise was reflected in a Chandler speech reported in the July 23, 1952, Courier-Journal: "I had promised my people, however, that whenever I voted for war I would immediately offer my services to the Army of the United States. I have held a Captain's commission in the reserve corps for many years and as soon as I cast my vote I went in the Senate cloakroom and called the White House and volunteered for service in the army. The President asked that I not take active duty and he and General Marshall and the Secretary of War all requested that in view of the importance of my membership on the Senate Military Affairs Committee and in view of my helpfulness to the President as a member of that committee, that they preferred that I remain in the Senate."
- 5 On October 30, 1945, when the temperature of the "cold war" with Russia was rapidly rising and the war clouds of Korea were beginning to appear on the horizon, Chandler terminated his "helpfulness" to the president and his country by resigning the Senate, permitting himself to be succeeded by a Republican appointee, to accept a \$50,000 a year job.

the election date?
The Courier figured it was political propaganda and dumped the whole lot in the waste basket.

IF KENTUCKY HAS stood in 46th place in its education system for many, many years it certainly could not be the fault of Happy Chandler. More than likely it is the fault of the educational leaders of Kentucky, guys like Robert E. Martin, who all of a sudden decide that there's something wrong with the state's educational system.

There is more evidence of machine politics. There have been more road contracts let in Kentucky in the past four months than three long years. Why? Well, it must be election year.

And there have been so many honorary Kentucky colonel commissions given out that people have even stopped cracking jokes about the Kentucky colonels. The colonels are more common now than beans in an Army mess hall.

Kentucky voters would be wise we think, in breaking up this Frankfort political machine before it entrenches itself so thoroughly that it cannot be broken up.

Mr. and Mrs. Buck Niles of St. Louis visited their daughter, Mrs. Albert Cash Sunday also their grandmother, Mrs. Flora Odell.

For

STATE TREASURER

The primary election will be on Saturday. As I am a candidate for County Attorney, I have undertaken to see and meet with you in all the counties of the Judicial District. I regret exceedingly that it has not been possible to see each voter personally.

As most of you know, I became the County Attorney for the new Judicial District (composed of Livingston and Calloway Counties) upon the June of last year. The presiding judge of this election. The Probation and Parole Officer of Livingston County. The voters of Calloway County appreciate the continuation of their representation by the judicial officers of this district.

I should like to express to each citizen for your extreme kindness to me during have served you. I shall likewise always your encouragement and pledges of support among you during this campaign. By any standard that any person or any lawyer would use, your circuit court has accomplished its task impartially and efficiently. This could not be accomplished without the help and assistance of the citizens and the unstinted cooperation of all the citizens of each county. For all of these things, I am most grateful.

Throughout this campaign I have maintained a standard of words and actions as would befit the dignity of the office which I have the honor to hold. I am determined to continue this standard of truth and approved conduct. Many of you have personally for all of my life or you have the opportunity of observing my conduct in this office for many years. To those of you who have not known me, I only ask that you inquire of any person who knows me and whose opinion of my worthiness of the office you would respect.

If you find that I am worthy, qualified in your judgment have and will continue to serve as your County Attorney in a satisfactory manner, I will humbly appreciate your support at this election.

Sincerely Yours,

As a member of the 1954 Legislature from the Bourbon-Nicholas District, Clay was voted by the news reporters who covered the session one of the two "most valuable members of the House from a public standpoint."

Clay Voted FOR:

- (2) Empowering eight Northern Kentucky cities to acquire their own water-work system;
- (3) Repeal of the law giving the State a lien upon the property of old people under the Old Age Assistance program;
- (4) The repeal of the antiquated fee system whereby prosecuting attorneys receive a part of the fines imposed.

Clay Voted AGAINST:

- (1) Increase of the State Tax on cigarettes;
- (2) Highway Authority Act which would have allowed a politically appointed commission to saddle the State with an unlimited amount of road bonds without a vote of the people. (This Act has since been ruled unconstitutional by the Courts).

Fishing at Night Still Excellent

Night fishing is growing and the results still are excellent, the docks and camps on Kentucky Lake report.

Fisherman's One-Stop reports that a few nice crappie have been caught at night around the piers under Egner's Ferry Bridge, and that bass also are being caught at night with white bombers.

Stripes, bream and rough fish are being caught in excellent numbers, and One-Stop says it has noticed no letdown in fishing due to the extreme hot weather.

Joe W. Dorch of Murray landed 12 stripes and six catfish while fishing in 20-foot water. C. W. Keats took 10 stripes in daylight fishing just off the points. A. N. Buchanan took eight largemouth near the points during daylight, and Felix D. Dell caught eight stripes.

Night fishermen fared better, however, and to read the following will make any real fisherman want to get his line wet during the wee hours.

Joe Tulley and party, 4 limits of stripes (that's 60); D. Johnson Jr., limit; W. B. Dozier, limit; James Guess, limit; J. B. Renshaw and party, 172 stripes, 10 catfish and 6 crappie; North Miller, 41 stripes.

Garland Wilson and party, 38 stripes; Hadlock Bros., 5 limits; Blosser Gee and party, 3

BRONZE MEDAL CAMPERS at Dawson Springs 4-H Club Camp No. 4 were these six club members shown with Lynwood Schrader, Kentucky Utilities Company farm service adviser and camp staff member. The boys and girls are (from left, front) Anna Sue Hamilton, Graves County; Bobby Bazzell, Calloway County, and Edwina Henson, Marshall County and (back) Jimmy Dunnigan, Marshall County; June Fry, Calloway County and Joe Ed Andrews, Graves County.

limits; D. L. Banton and party, 5 limits; Tom Dattilo and party, 3 limits; Sol and Jewel Fritz, 2 limits.

Elliot S. Wall, 30 stripes; George Worsham, 60 crappie; Garfield Adams, limit stripes; Mrs. Paul Gilliam, 4 limits Pot stripe bass.

All these fish were taken on one or more days during last week. Stripe bass and more trips bass.

Those that complain that fishing is bad, just don't know how to fish.

Soil Workshop is Held

Another successful workshop in Techniques of Teaching Conservation has been completed at Murray State College. Thirty-seven teachers from ten different counties took the course.

Those attending from Marshall County were Mrs. Helen Nimmo, third grade teacher in the Benton School, and Mrs. Mattie Smith, Benton High School teacher.

This workshop is held each summer. Since its beginning 3 or 4 years ago, the Board of Supervisors of the Marshall County Soil Conservation District has urged all teachers to attend and

take advantage of this wonderful opportunity to learn how to teach conservation, not as a special course, but as a part of the course now being taught in our local schools.

Roy Boesek, director, Male High School Band at Louisville, and a friend, Victor Rumble, came down Friday and stayed through Monday in the home of Mr. and Mrs. James E. Elkins in Benton. Mr. Boesek was here to help out the finishing touch on the Benton Band before it goes to Chicago.

Fulton Newspaper is For Wayne Freeman

The following editorial was taken from the Fulton Daily Leader of Fulton, Ky., of the issue of July 27:

A great deal of doubt remains as to who will be the victors in the Democratic primary next week as far as most of the offices being sought are concerned. There is one race, however, in

which we feel confident of the winner. We have every reason to believe that Wayne Freeman of Mayfield will be re-elected as State Senator from Fulton, Hickman, Marshall and Graves Counties.

If we could be represented in all phases of government as well as we have been in the Senate by Mr. Freeman, we would have little cause to worry about good government. He served this section of Kentucky through the last legislature with honesty, fairness, and the courage of his convictions. Mr. Freeman is a fine Christian, an active member of the Baptist Church in Mayfield. He is cognizant of Kentucky's needs and the best methods of solving its problems, and he considers it his duty as State Senator to put his state before himself.

advances it needs to make, we must have more men of the calibre of Wayne Freeman in state

offices... men who are sober, honest, courageous, and more concerned about progress for the Commonwealth than their own political advancement.—Fulton Daily Leader.

Co-sponsored the act providing Kentucky with its first Dairy Commission which will mean much to the state's dairy farmers.

Introduced a resolution requesting Federal Department of Health to take appropriate action on drainage district ditches and will continue to work unceasingly for a drainage program that will protect our health and the bottom lands.

WELFARE: Voted to take a bill from committee that would have repealed the old age assistance "Lien law" and will continue to fight for the repeal of this law.

TAXES: Has always opposed blanket tax increases and appeared before the State Tax Commission to protest the blanket raise made last year.
